# St. Regis Palace

*Venice, Italy*

ST. REGIS VENICE - an **ILLUMINATED SYMPHONY** of *ELEGANCE*

Nestled along the picturesque **Grand Canal in Venice**, the renowned St. Regis hotel has undergone a magnificent transformation, embracing a new era of opulent yet contemporary interior design.

**LIGHT4** proudly took part in this prestigious endeavor, supplying the entire project with our exquisite lighting fixtures.

*Allow us to unveil the story behind this extraordinary collaboration:*

#### **ST. REGIS VENICE - Where Luxury Meets Innovation**

Stepping into the world of St. Regis Venice is like entering a realm of refined sophistication and timeless beauty.

As the hotel embarked on a journey to redefine its allure, LIGHT4 eagerly seized the opportunity to contribute to its radiant transformation.

Our team worked tirelessly in close collaboration with the esteemed architect and discerning client to capture the essence of the exclusive hotel, ensuring that each lighting fixture exuded the perfect blend of style, elegance, and innovation.

### A Harmonious Fusion of Art and Functionality

At LIGHT4, we believe that lighting is more than mere illumination; *it is a form of artistic expression.*

With meticulous attention to detail, our talented artisans and designers crafted a collection of lighting fixtures that seamlessly integrated into the captivating ambiance of St. Regis Venice.

From exquisite chandeliers to sophisticated wall sconces, each piece was thoughtfully conceptualized and meticulously brought to life, radiating a harmonious fusion of art and functionality.

Capturing the Spirit of Venice Venice, a city renowned for its artistic heritage and timeless charm, served as a profound inspiration for our design process.

Every element, from the choice of materials to the intricate detailing, was carefully selected to reflect the spirit of Venice, infusing each space with an undeniable sense of grandeur and sophistication.

### REFLECTING TIMELESS LUXURY

Baroque Sandblasted Décor Each bespoke mirror features a baroque sandblasted décor, adding a touch of opulence and grandeur. This intricate design, meticulously etched into the surface of the mirror, creates a captivating visual texture that captures the eye. The baroque motifs evoke a sense of timeless elegance, paying homage to the rich heritage and artistic legacy that Venice is renowned for.

### ILLUMINATED ELEGANCE

What sets these bespoke mirrors apart is their hidden light source, carefully integrated within the design. This subtle detail brings the mirrors to life, casting a soft, warm glow onto the sandblasted décor. The illumination not only serves a functional purpose but also imparts a sense of customized luxury to each mirror, elevating it to a true work of art.

# Pearl's Wave Project

Highness Ghalia Al Thani | *Doha, Qatar*

## a **SYMPHONY** of **GLASS** & *LIGHT*

The **HIGHNESS AL THANI** project holds a special place in our hearts, as it marked the birth of our iconic **GHALIA collection**.

Inspired by the ethereal beauty of crystalline sand, renowned **designer Manuel Borri** envisioned and created an extraordinary solid glass diffuser.

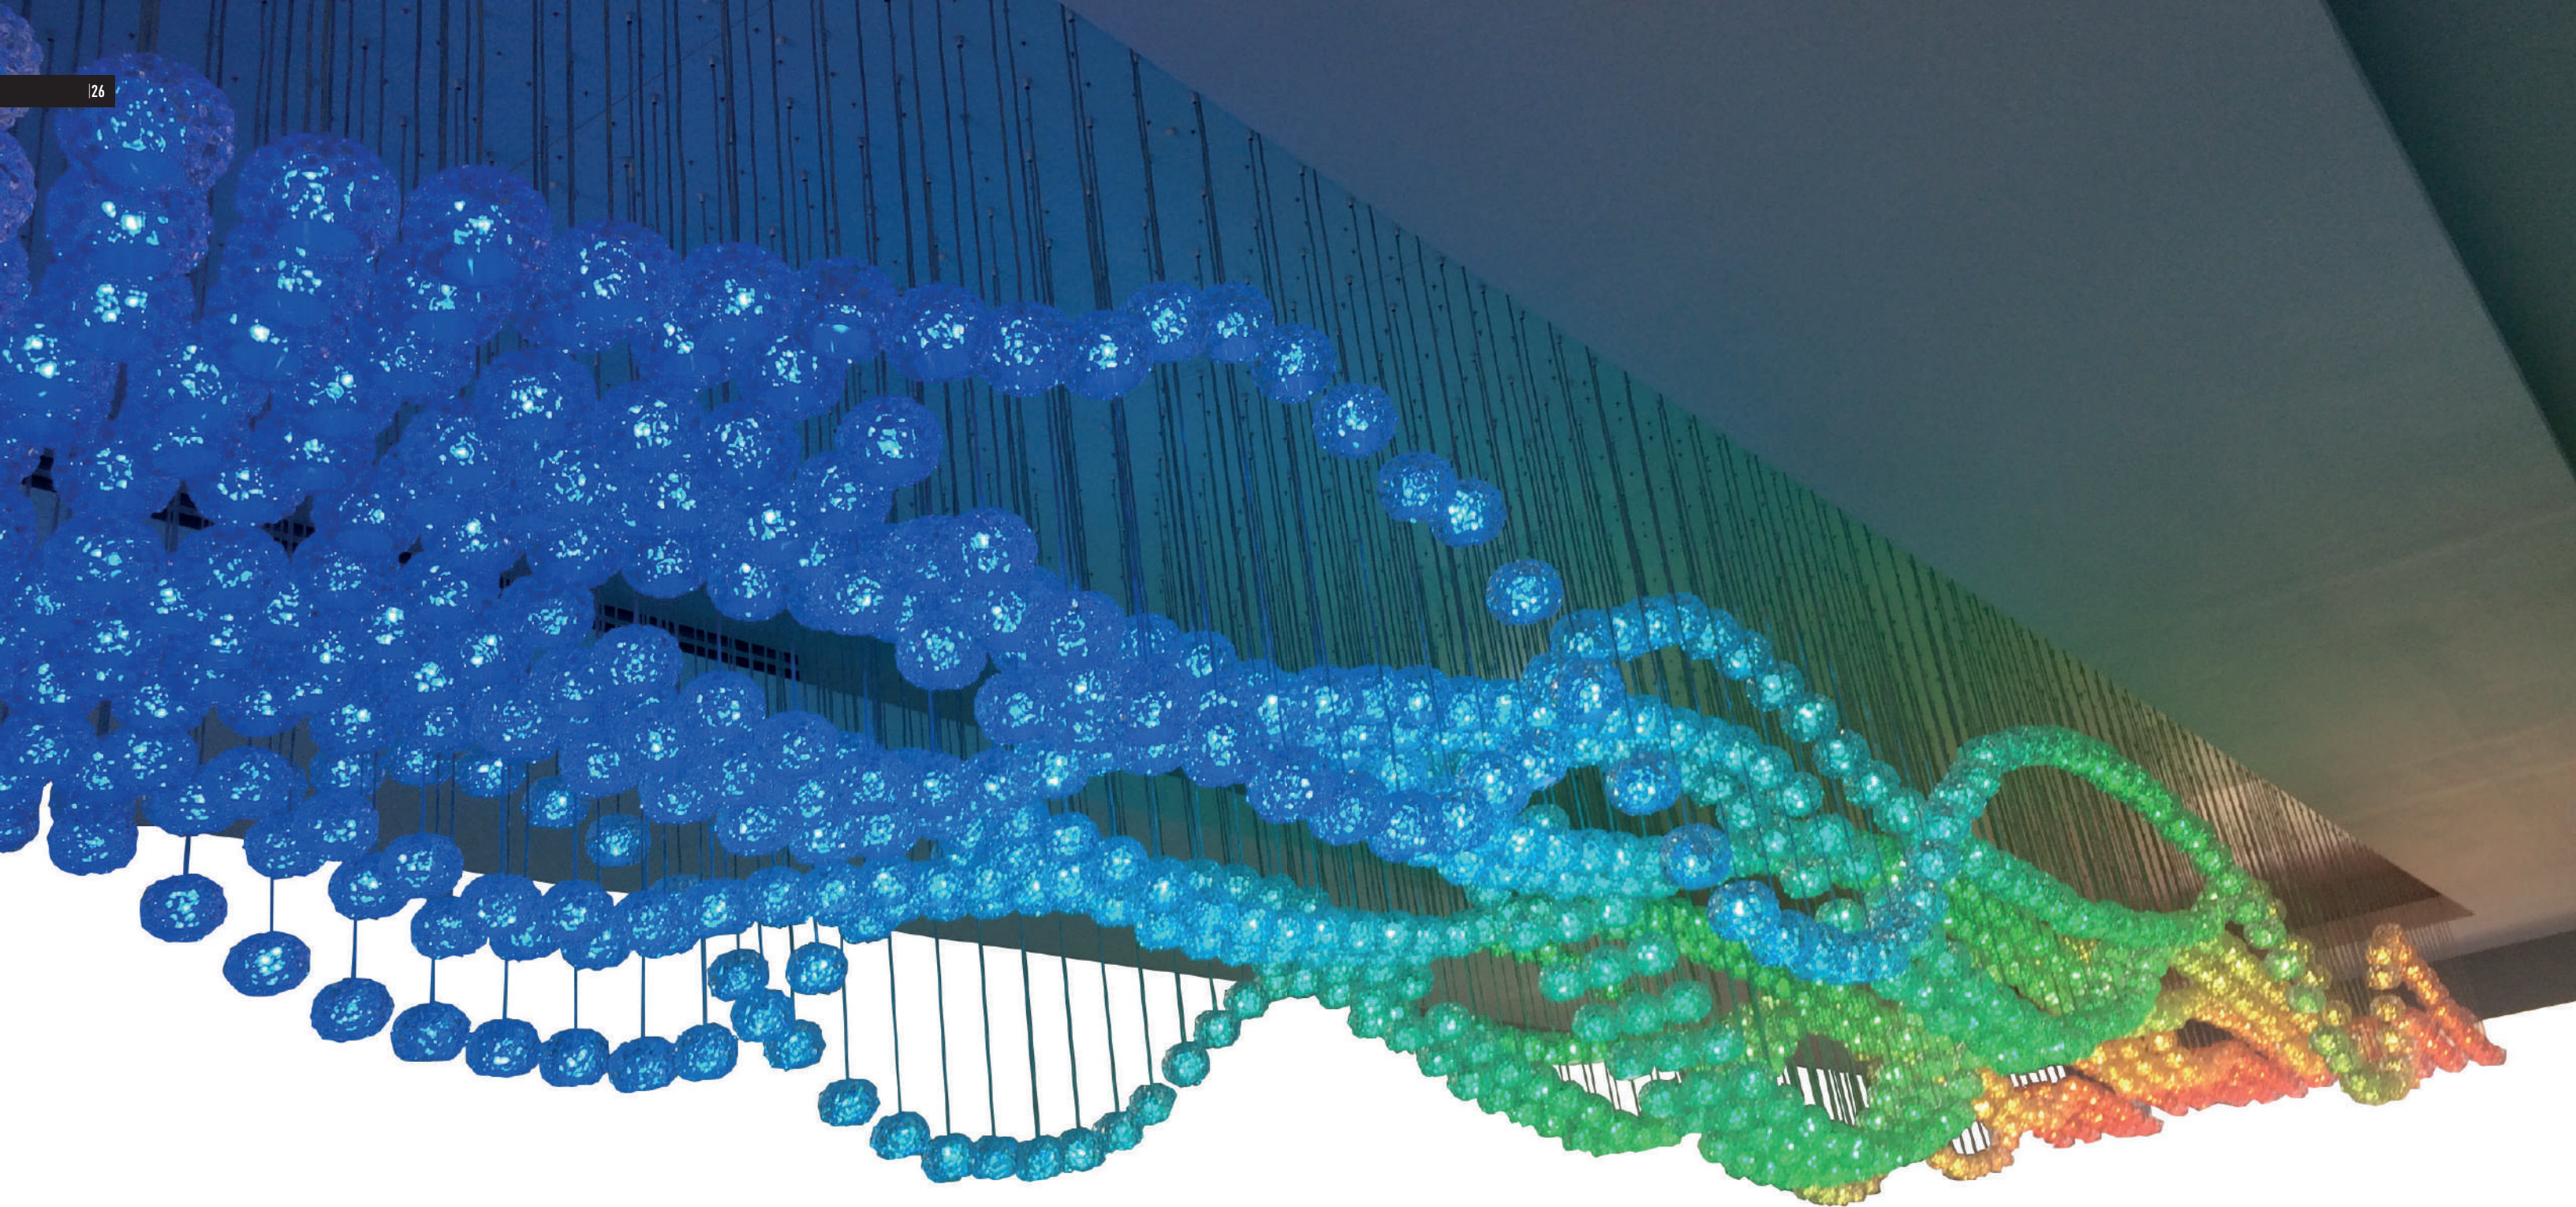

This magnificent creation captivates the imagination, casting a mesmerizing glow that enchants all who behold it.

Drawing inspiration from the undulating sand dunes of the desert,

*the installation embraces the natural curves and fluidity of this awe-inspiring landscape.*

Comprising an astounding **8.000 glass diffusers**, the installation spans a massive **dimension of 9 meters by 1.6 meters**, making a bold statement in any space it adorns.

Each meticulously crafted diffuser is delicately illuminated by a custom **RGB light source**, bestowing the power of infinite chromatic compositions upon our valued clients.

With a mere touch, *they can orchestrate a symphony of colors*, creating an ambiance that resonates with their unique vision.

From inception to completion, the HIGHNESS AL THANI installation was brought to life by the expert hands of our dedicated LIGHT team.

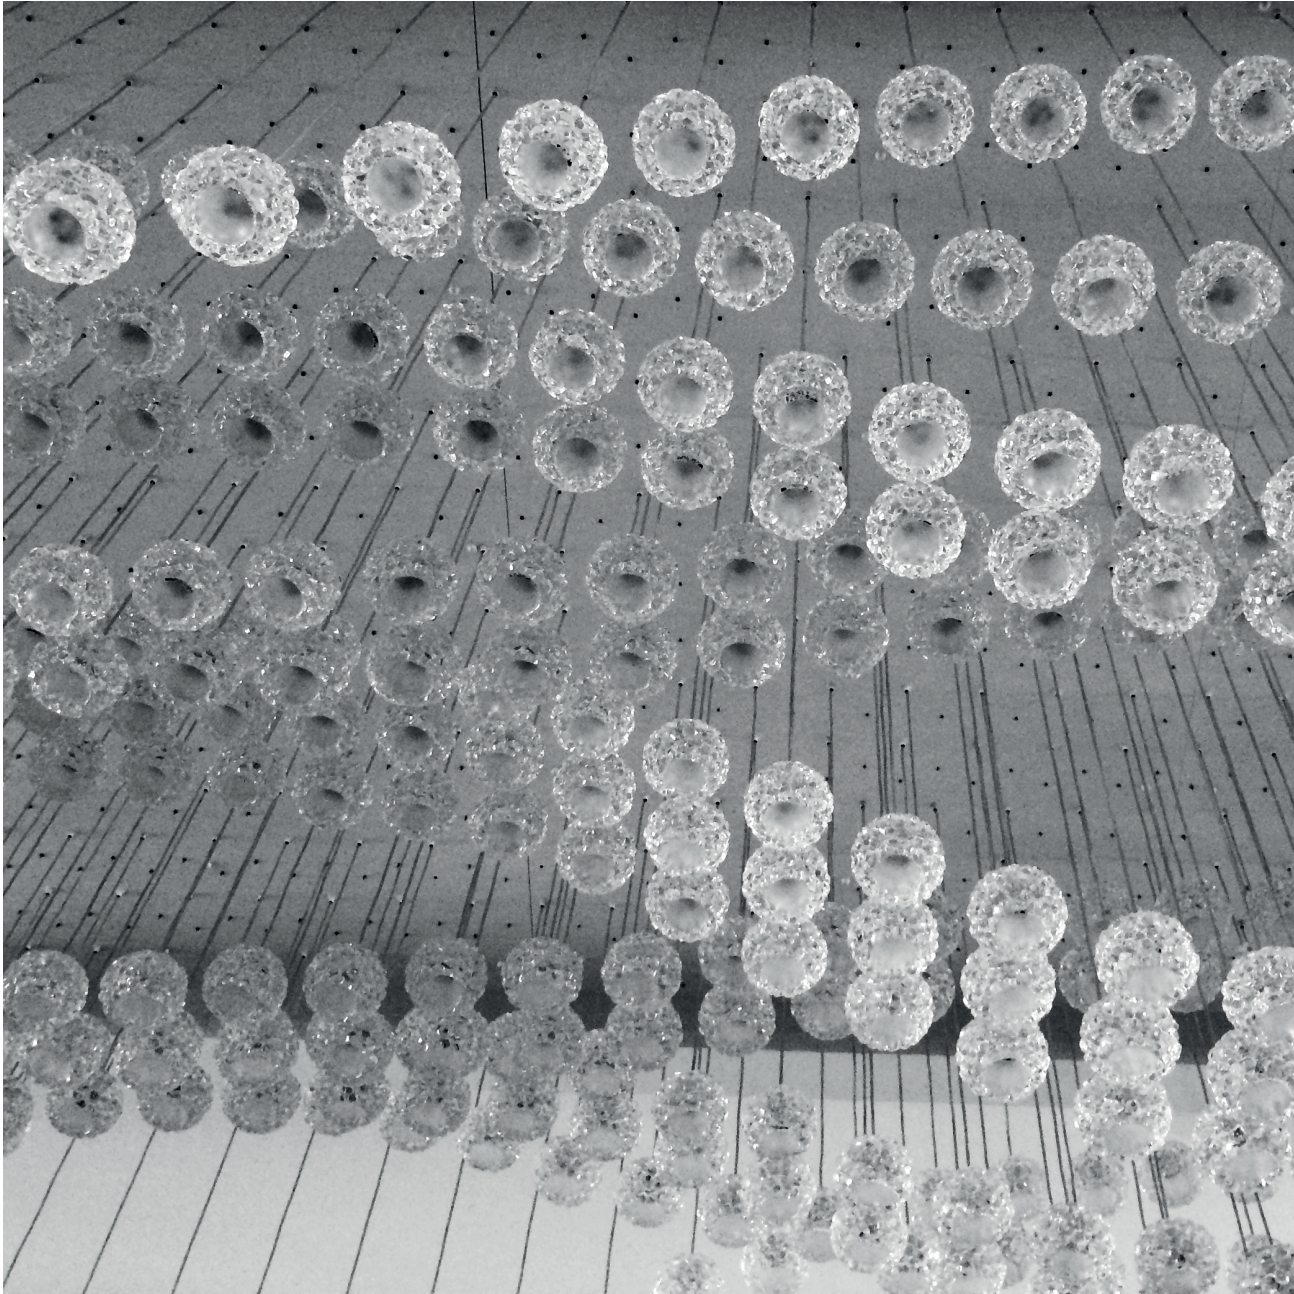

Our unwavering commitment to precision and uncompromising quality ensured that this masterpiece of light and glass met the highest standards.

**Every step, from development to production and installation, was meticulously executed to guarantee an unparalleled experience for our discerning clientele.**

This extraordinary project serves as a testament to our unwavering dedication to pushing the boundaries of lighting design.

*We continue to create lighting installations  
that transcend expectations,  
illuminating spaces with elegance, brilliance,  
and a touch of enchantment.*

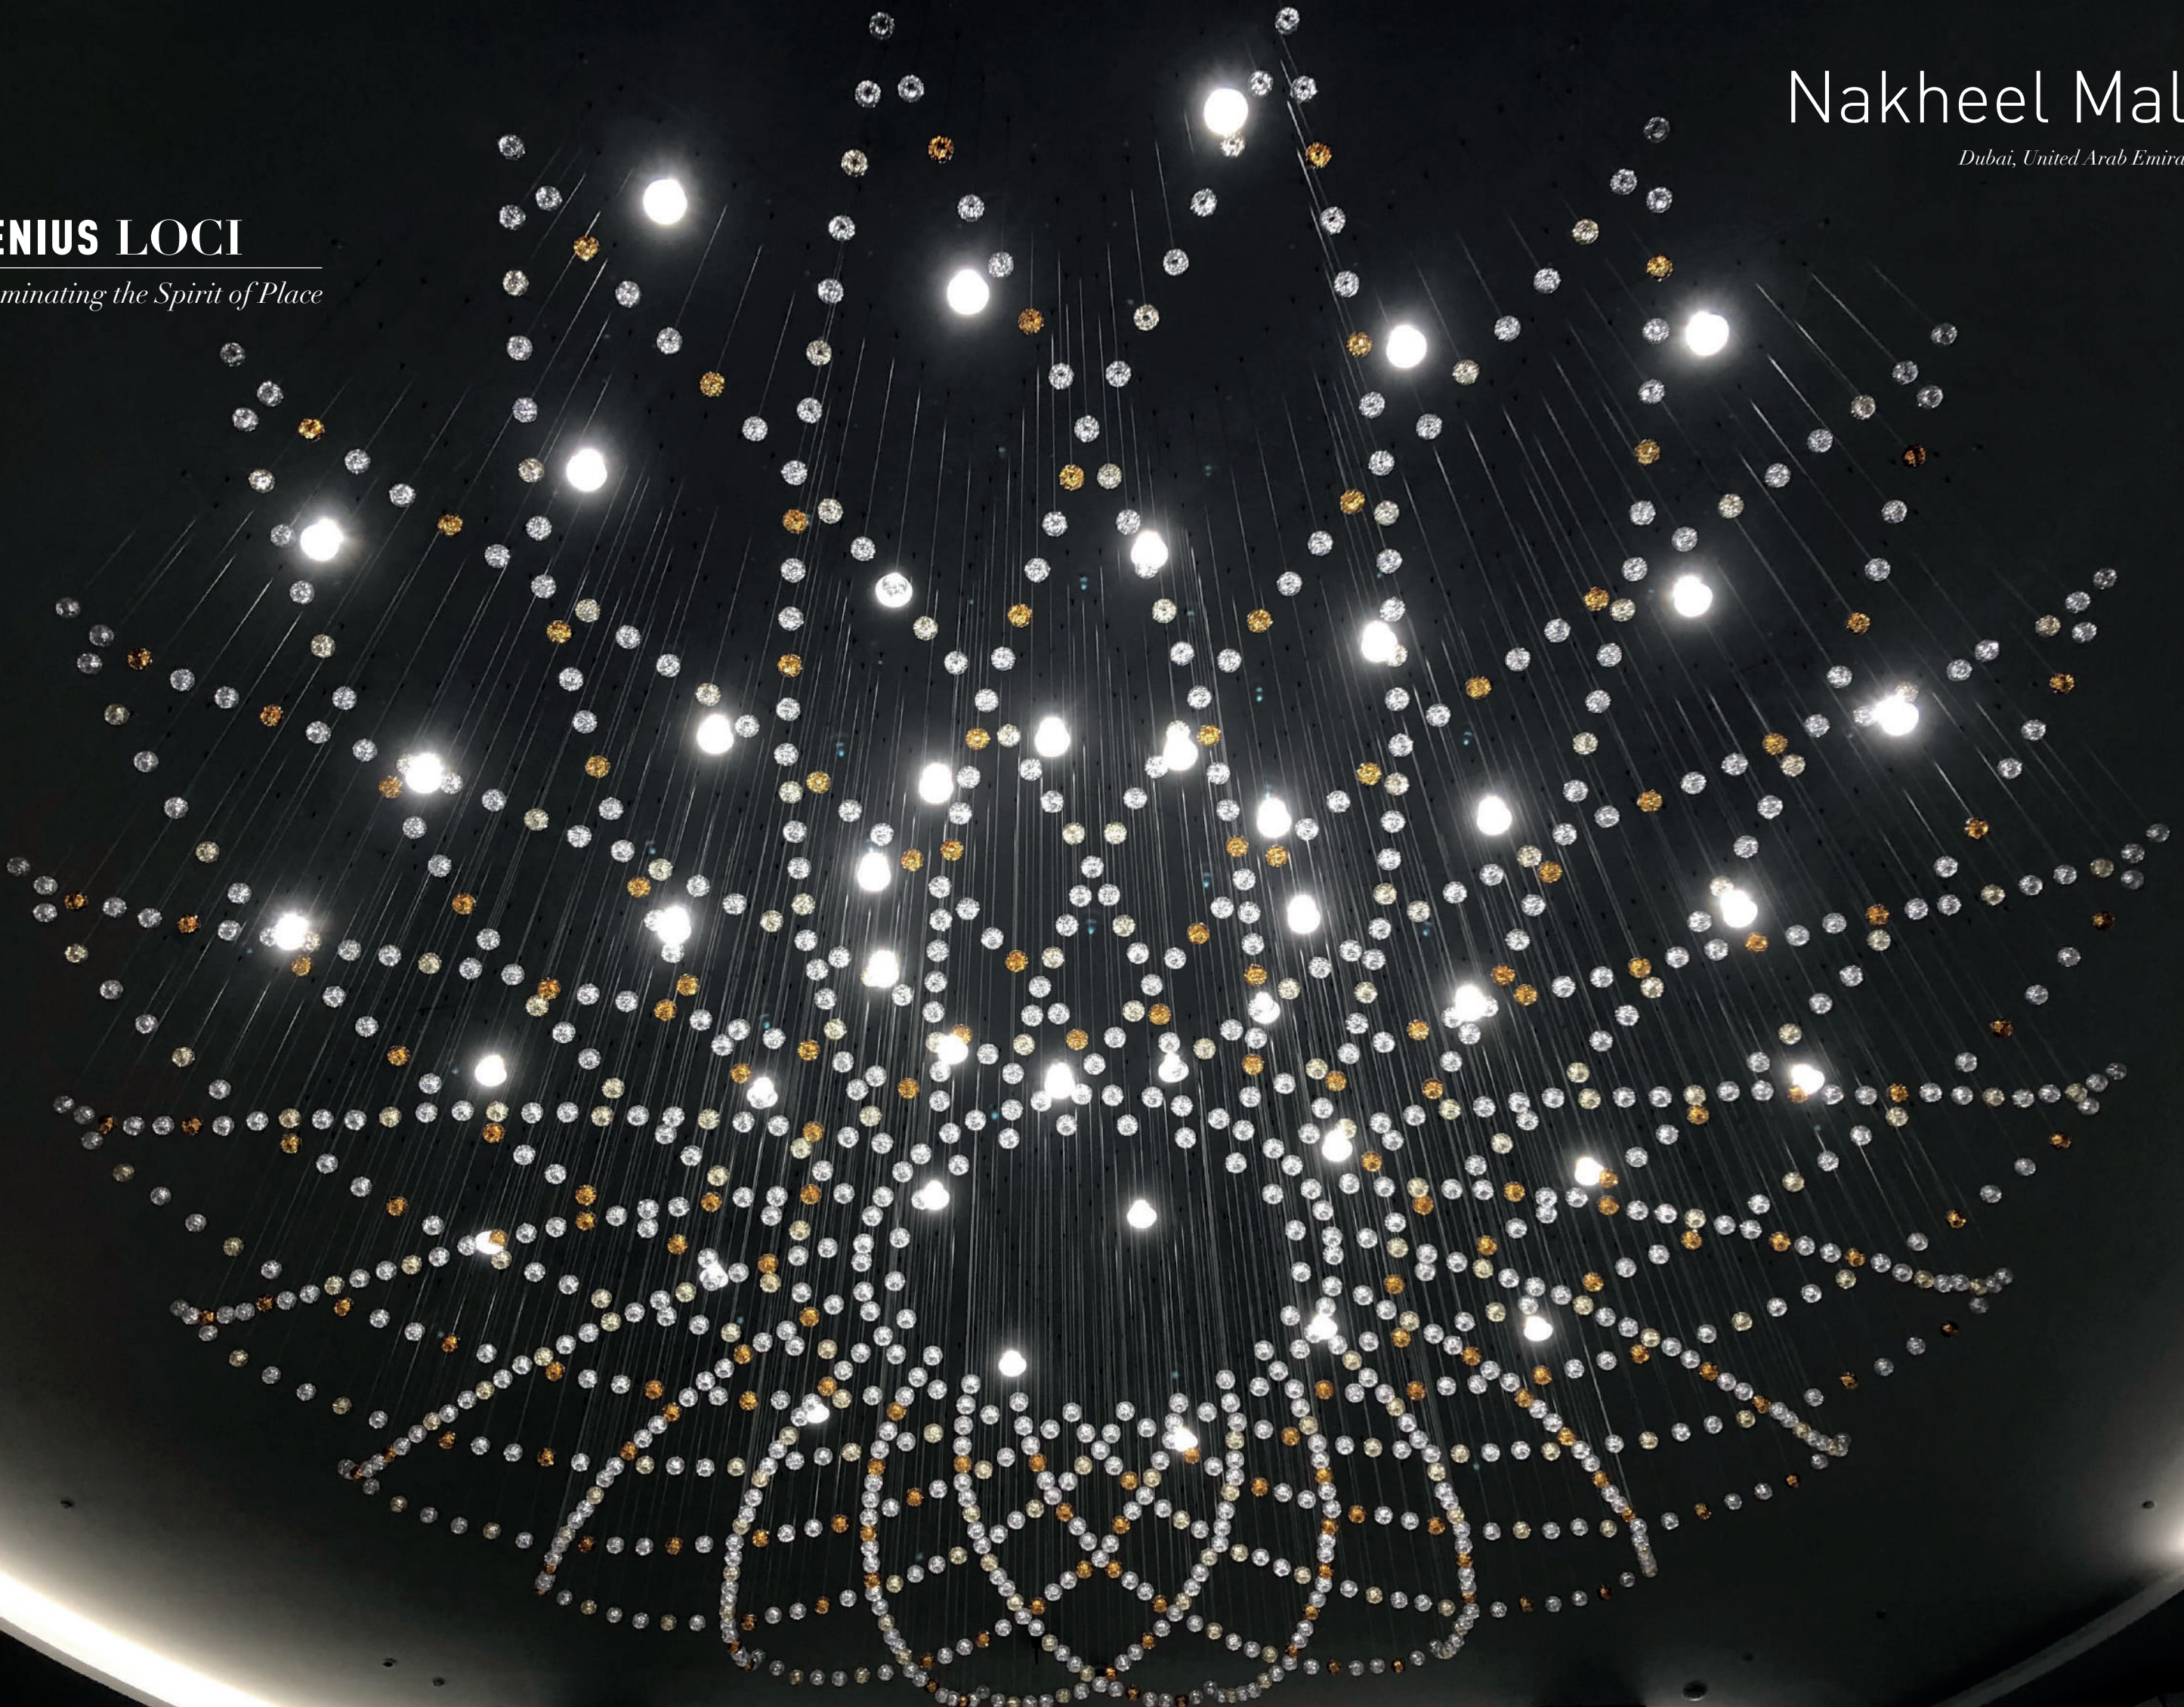

## GENIUS LOCI

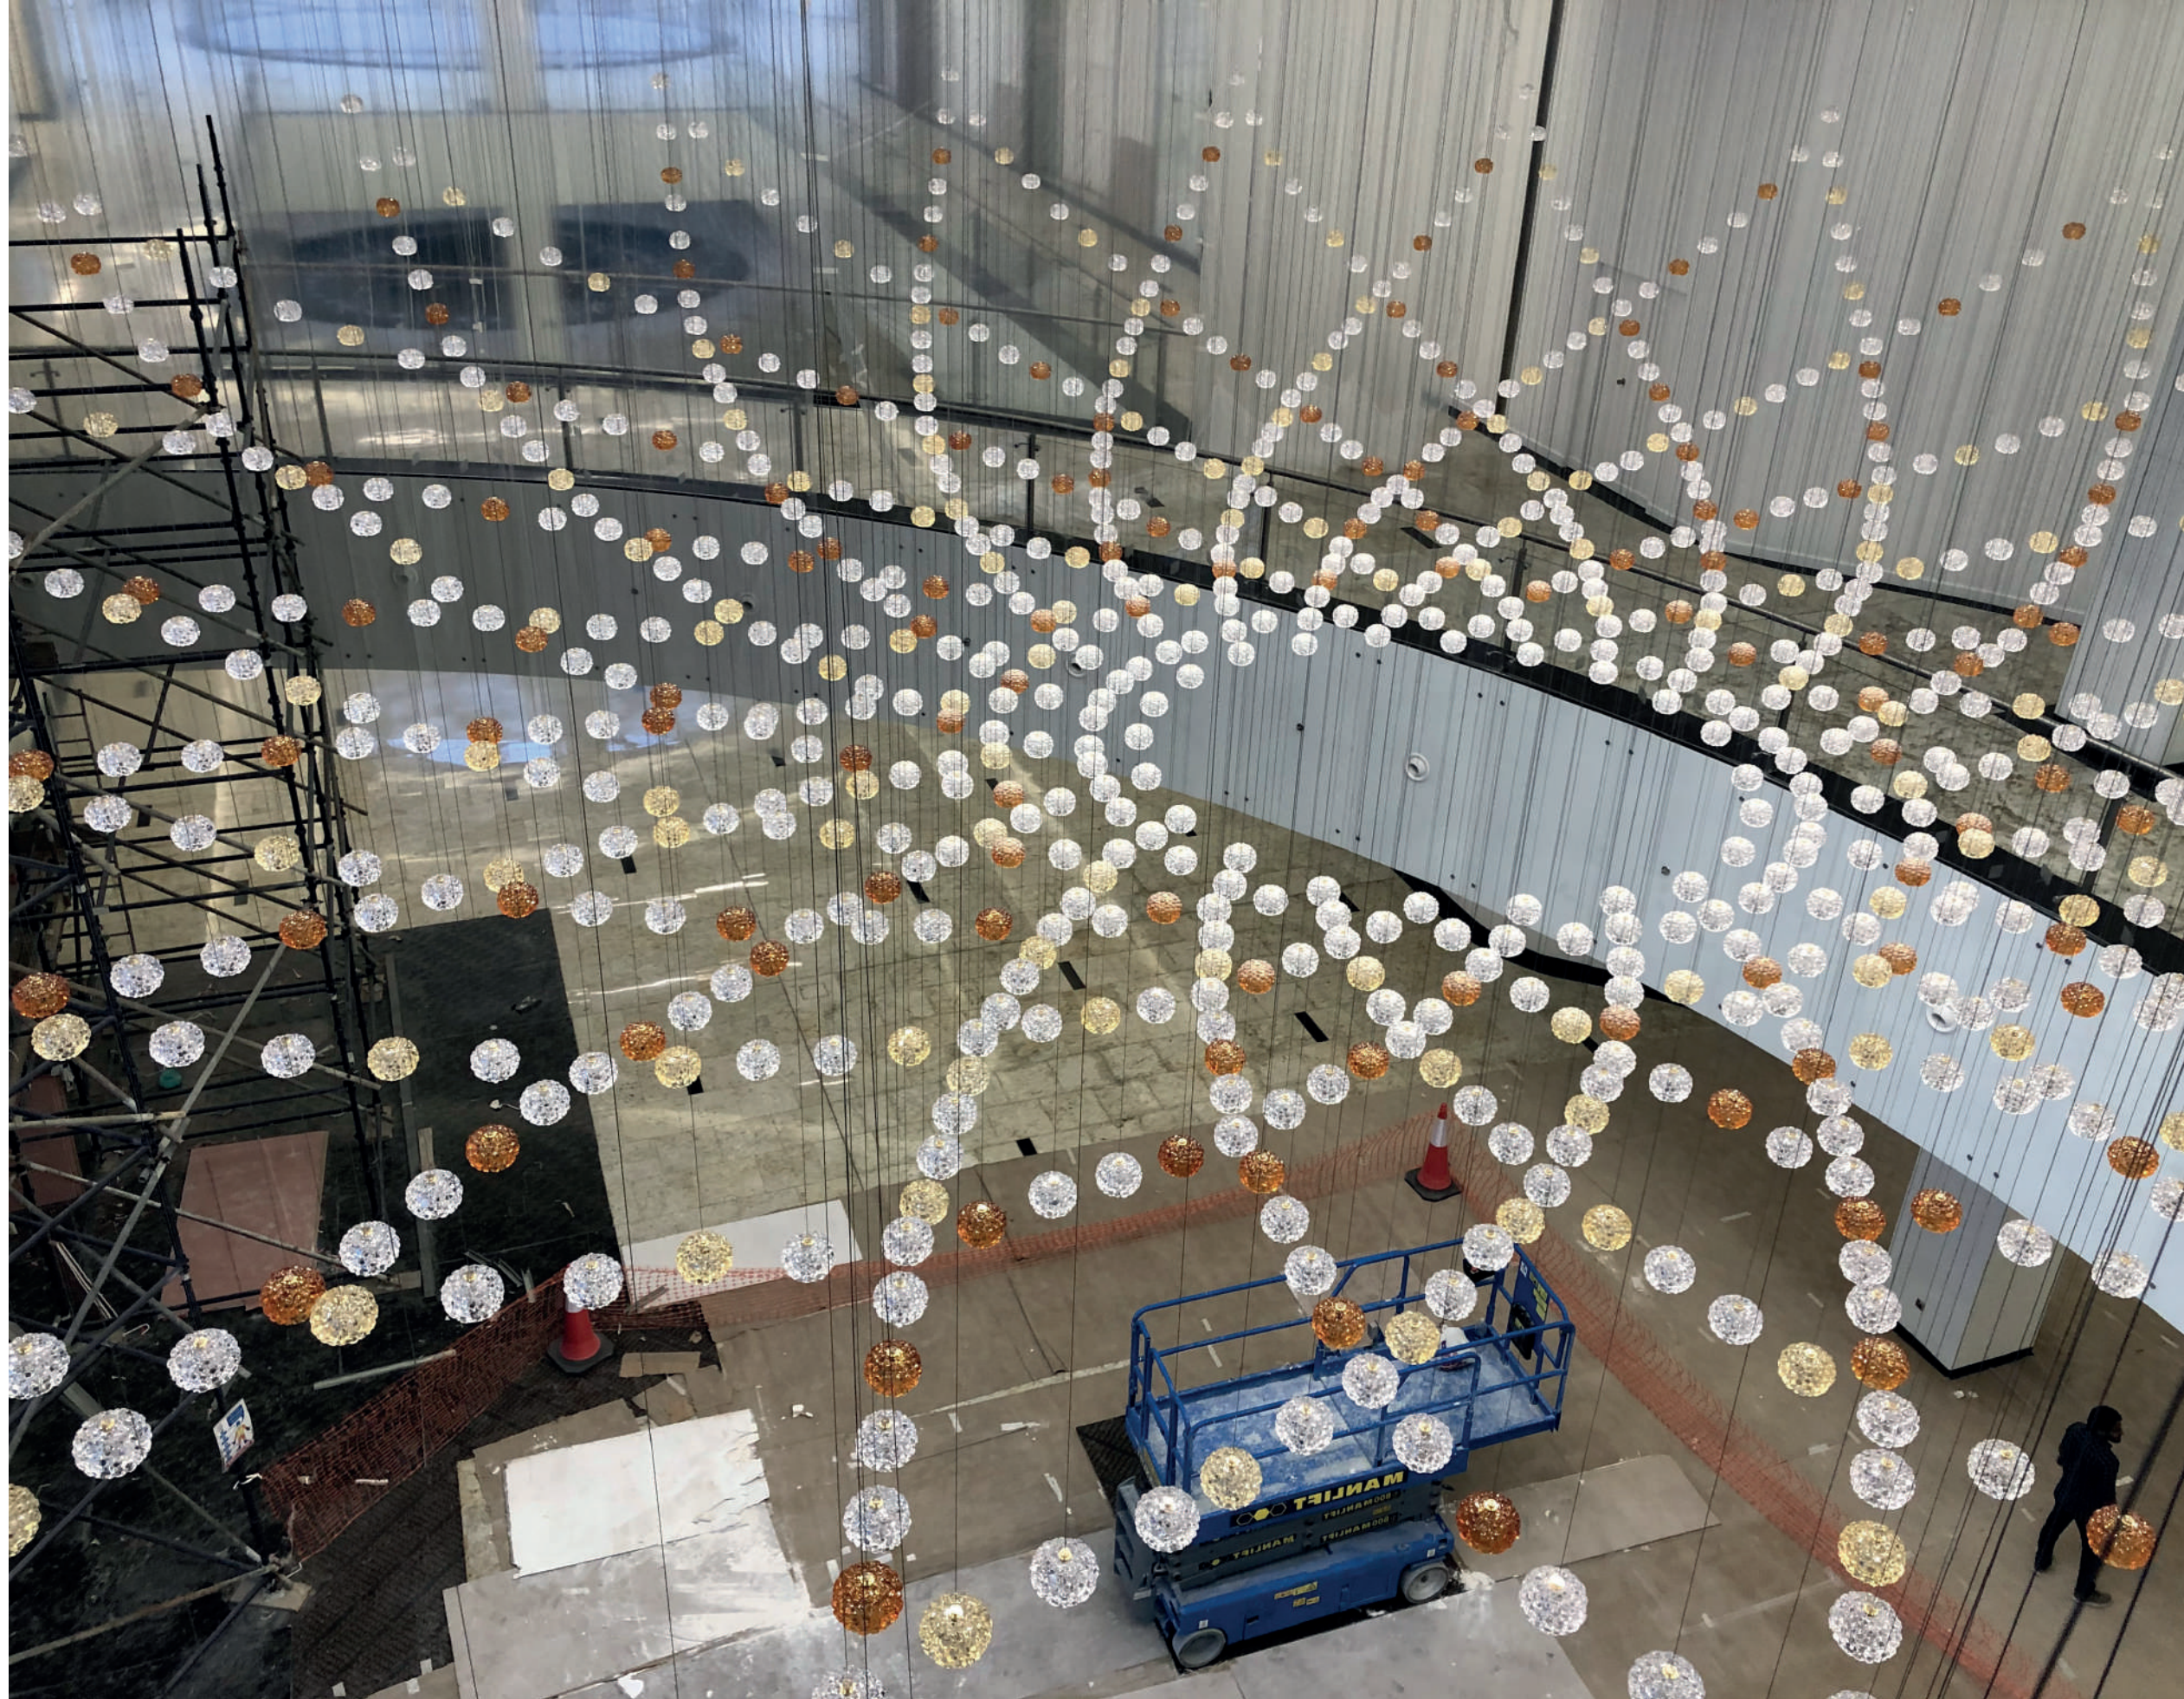

*Illuminating the Spirit of Place*

# Nakheel Mall

*Dubai, United Arab Emirates*

**A mesmerizing interpretation of the intricate geometrical patterns found in the marble pavement,**  
this masterpiece is a testament to the creative prowess of LIGHT4's visionary team.

Immersed in the complexities of design, our innovative creative office meticulously developed this complex composition using **1.200 exquisite GHALIA** diffusers. The result is a breathtaking **12-meter diameter** drawing that captures the essence of the surrounding architecture and elevates the ambiance to unparalleled heights. The diffusers themselves are a work of art, available in clear, light amber, and dark amber variants. To seamlessly integrate the installation into its surroundings, the amber versions were custom-made exclusively for this project.

#### FROM INCEPTION TO COMPLETION.

*The entire process was executed under the watchful eyes of the LIGHT team, ensuring every detail was executed to perfection.*

With our unwavering commitment to the highest standards of quality, the installation at NAKHEEL MALL stands as a testament to our relentless pursuit of excellence.

Every step, from development to production and installation, was meticulously undertaken to create an experience that surpasses expectations.

NAKHEEL MALL serves as a beacon of our expertise in creating transformative lighting installations.

With every beam of light that dances upon its surfaces,

*it creates an atmosphere that captivates, inspires, and leaves a lasting impression.*

## a CAPTIVATING VORTEX of *GLASS* & LIGHT

**STANDING TALL AND PROUD**, the installation featured **290 crystal diffusers** meticulously arranged to create a captivating light vortex.

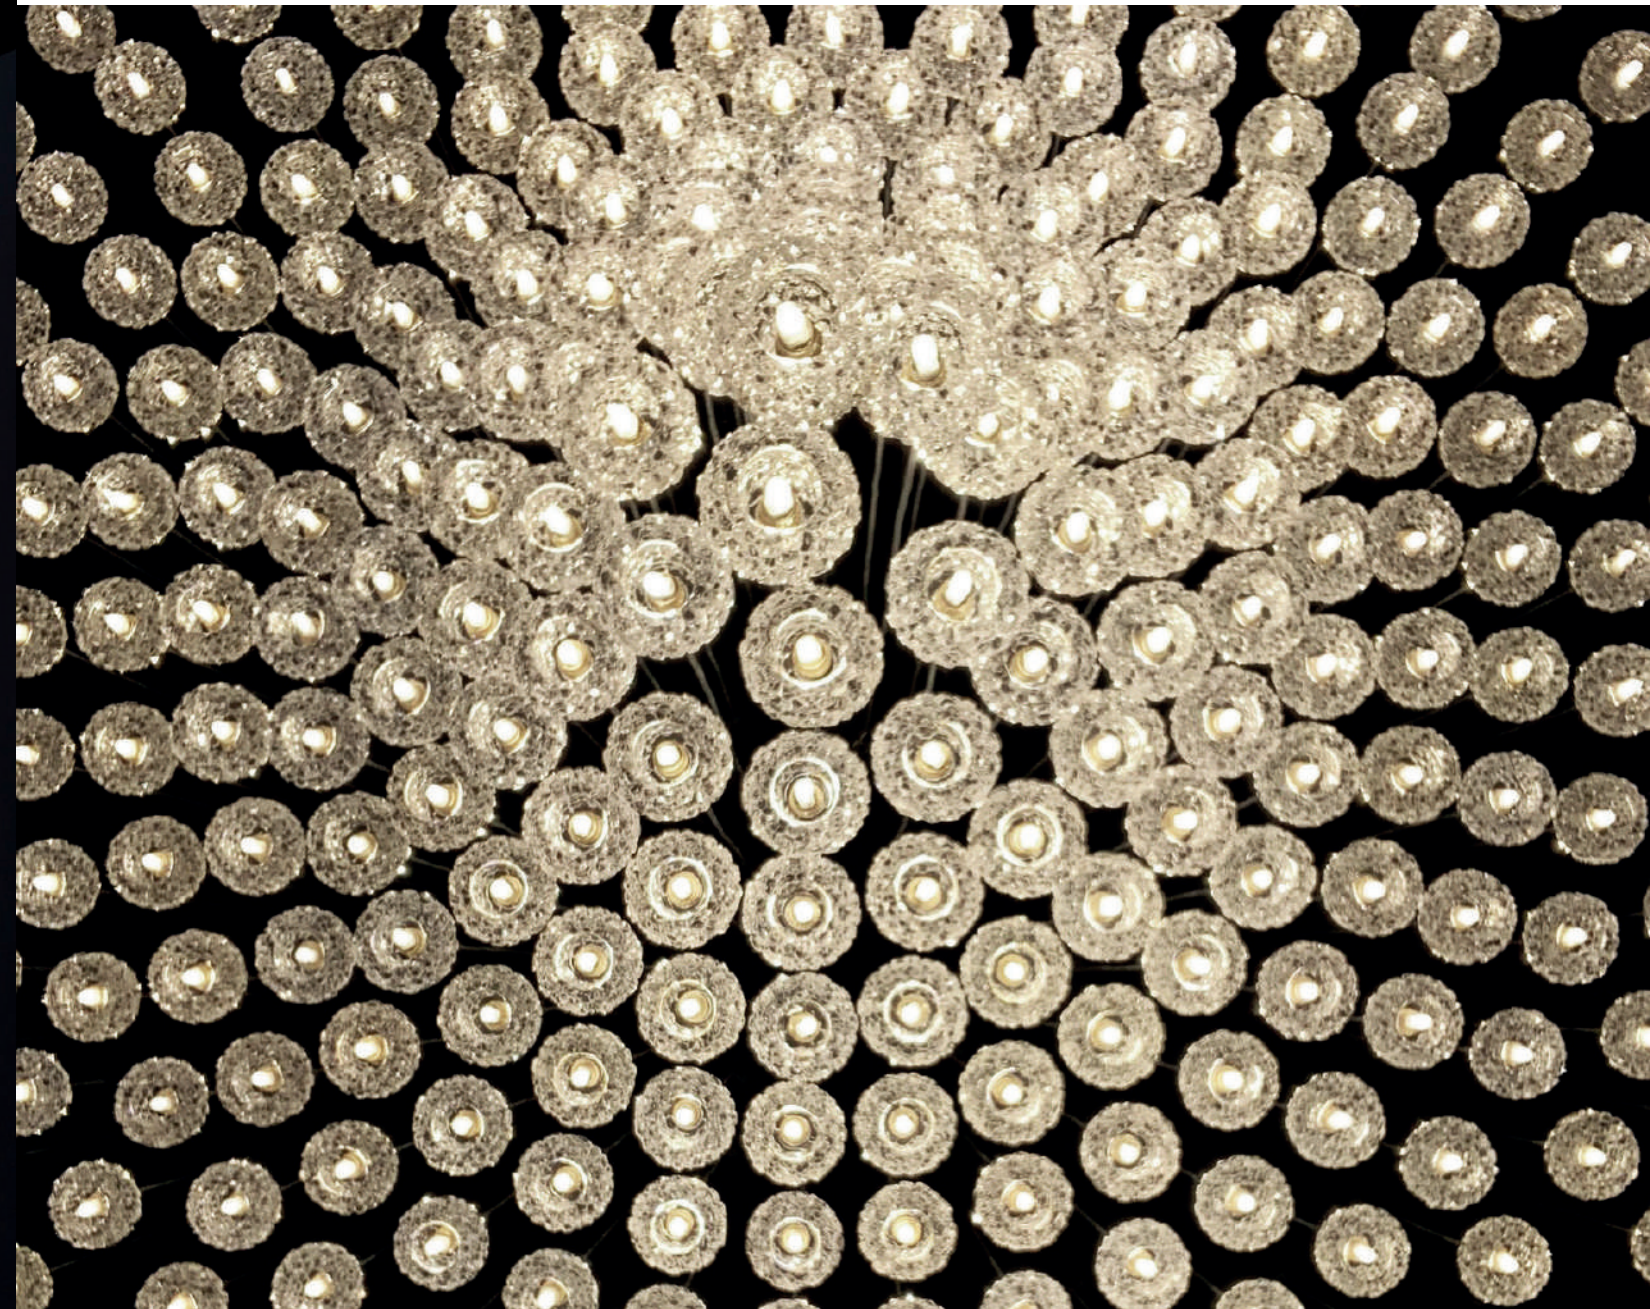

With a **diameter of 250 cm and a height of 200 cm**, this impressive light installation demanded attention,

*becoming a focal point of the exhibition.*

Every crystal diffuser danced and reflected light, creating an enchanting ambiance that delighted visitors and stirred their imagination.

# Index Dubai

*Dubai, United Arab Emirates*

Our creative team's ingenuity and attention to detail were instrumental in bringing this composition to life. Each crystal diffuser was thoughtfully positioned, harmonizing with one another to form a breathtaking ensemble. The interplay between light and glass evoked a sense of wonder, as the installation transformed into a living, breathing entity that captured the essence of beauty and innovation.

*Through the fusion of artistry and technology,  
we unveiled a masterpiece that showcased the limitless possibilities of light.*

# Marina Tower

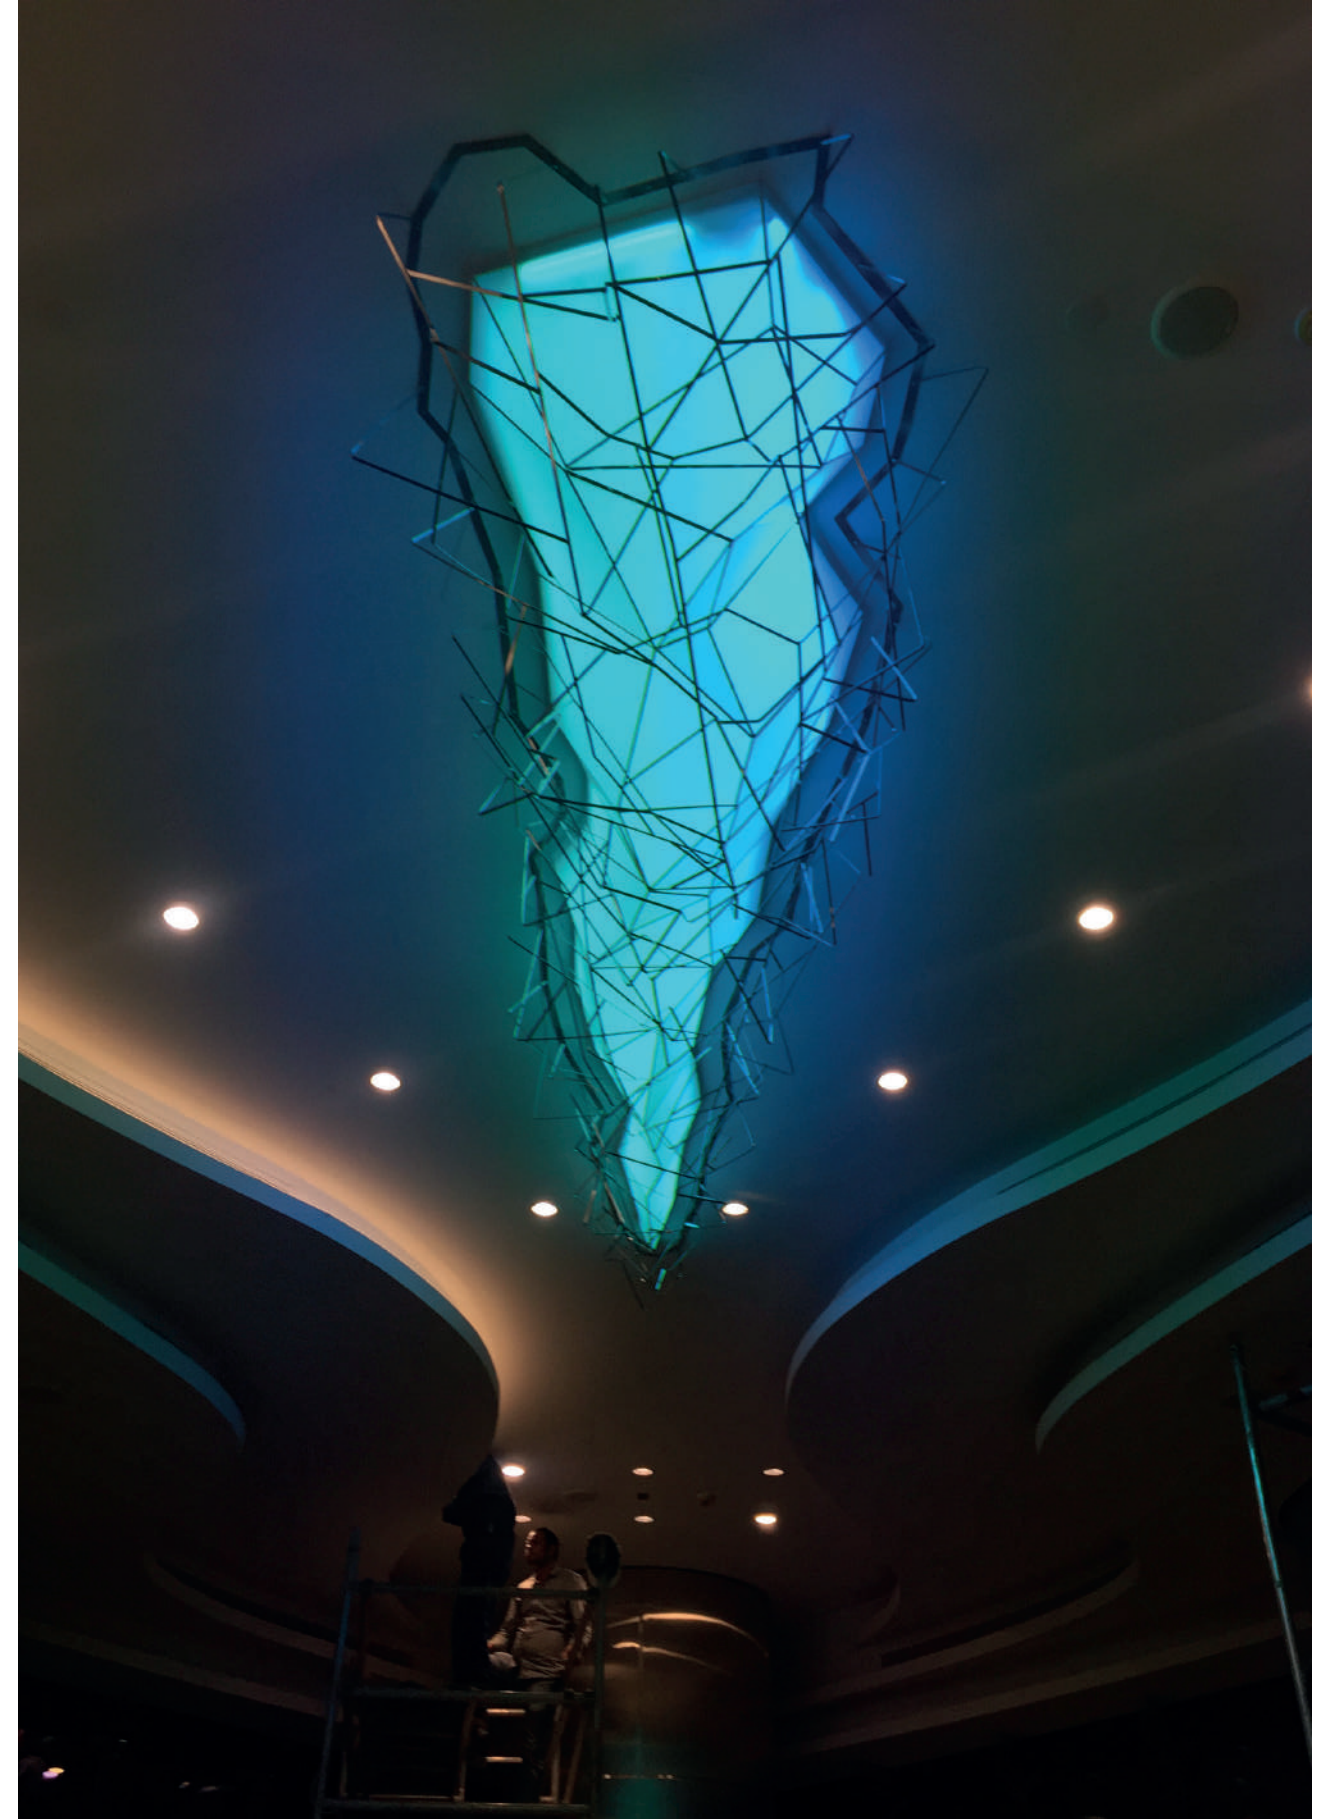

*Doha, Qatar*

a **SCULPTURE** of **ILLUMINATION**  
immersed in a  
*SEA* of **ARCHITECTURAL MARVELS**

The design of this remarkable light fixture posed a significant challenge for LIGHT4, *as we aimed to achieve a completely free and random shape that mirrored the client's vision.* Every welding point was meticulously supervised by our technical director, ensuring that each connection contributed to the exact shape desired by our discerning client. The metal structure serves as the foundation for this artistic masterpiece, and every element has been carefully crafted to perfection. To enhance its allure, **bespoke PMMA plates** delicately coat the metal structure, *creating a crystallized effect that evokes a sense of wonder and fascination.*

A key feature of the Marina Tower sculpture is its versatility. Equipped with an **RGB light source**, *our clients have the power to change the colors at any moment,* creating dynamic and captivating lighting compositions that suit the desired mood or occasion. Marina Tower is a testament to LIGHT4's dedication to creating lighting installations that transcend boundaries and redefine what is possible. Our team of visionary designers, artisans, and technicians merge artistry and technical prowess, ensuring that every project is an extraordinary blend of form, function, and innovation.

### REFLECTING DESERT GRANDEUR

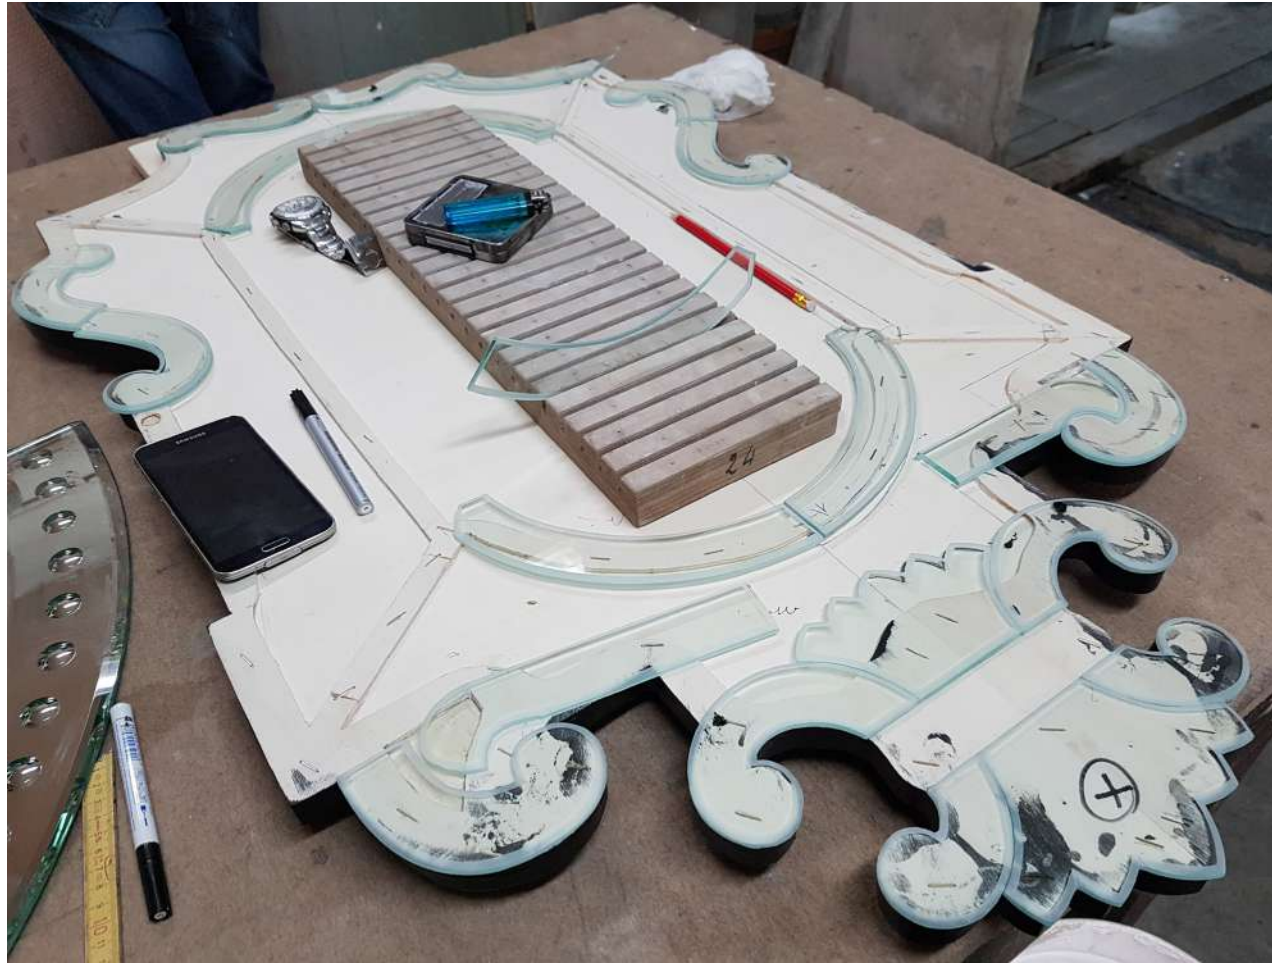

In the heart of the desert lies an oasis of luxury and style - ABU FAS.

As the visionary behind the design, development, production, and installation of 47 magnificent bespoke mirrors, LIGHT4 has brought a touch of elegance and opulence to this extraordinary palace.

Each mirror is a testament to meticulous craftsmanship and close collaboration with the client and architect, resulting in a truly unique and awe-inspiring experience.

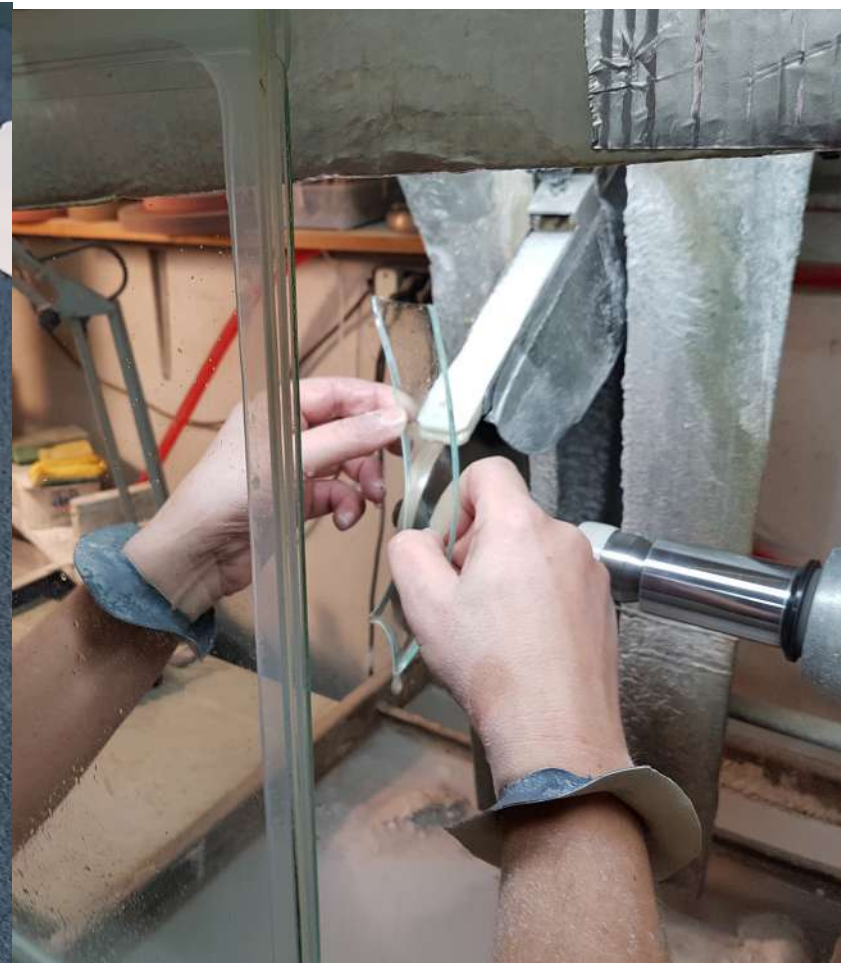

**Let us unveil the captivating details of this remarkable project.**

### CUSTOM-MADE REFLECTIONS

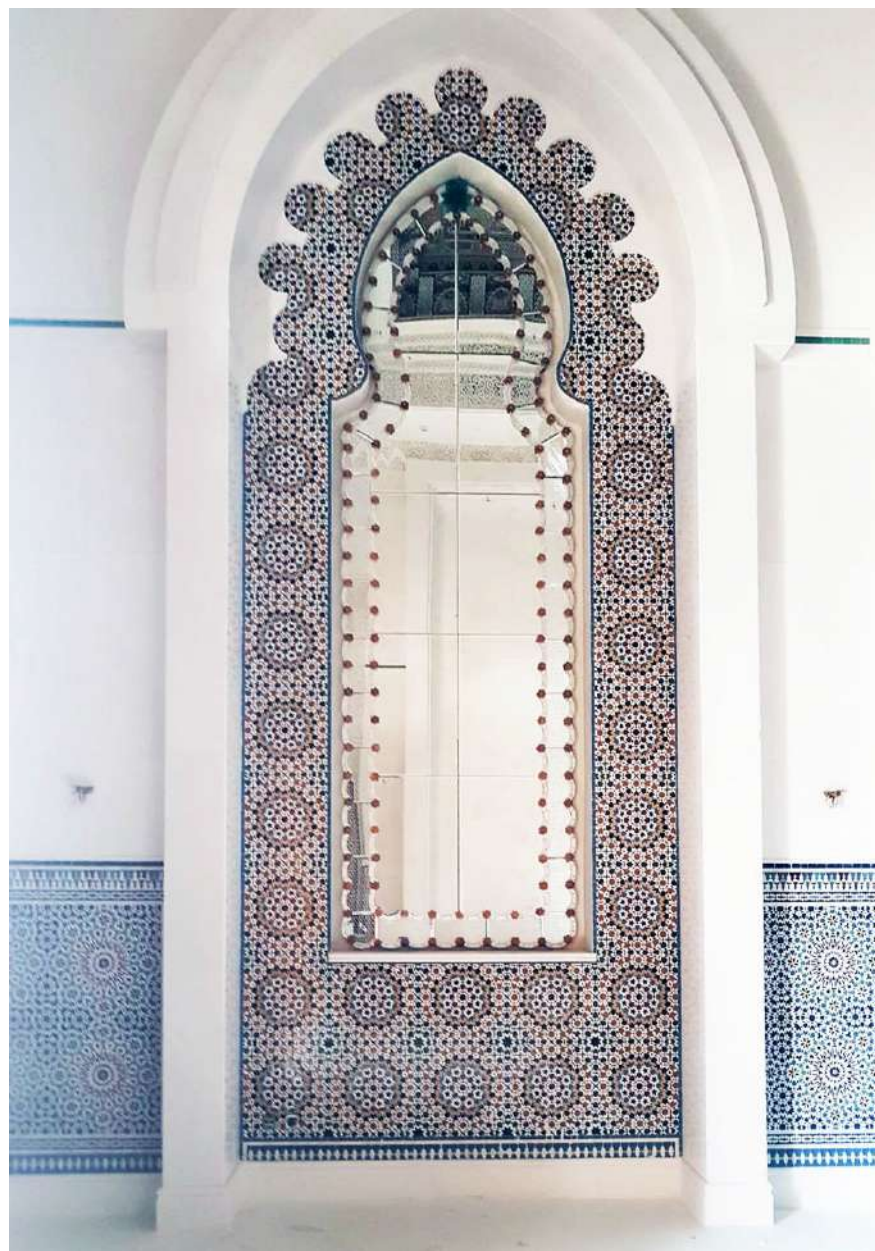

Every single piece of glass in each bespoke mirror has been meticulously custom made, ensuring a perfect harmony between the mirror and its surroundings. Through a collaborative process, LIGHT4 has worked closely with the client and architect to create mirrors that exude luxury and style, capturing the essence of ABU FAS. These bespoke mirrors serve as masterpieces of design, **reflecting the highest standards of quality and authenticity.**

### UNPARALLELED CRAFTSMANSHIP

At LIGHT4, we take great pride in our commitment to craftsmanship and attention to detail. Each mirror at ABU FAS is meticulously handcrafted in Murano, an iconic center of glassmaking excellence. This dedication to traditional artisanal techniques guarantees the highest level of quality, ensuring that each mirror is a true work of art. The expertise and skill of our artisans shine through, creating mirrors that radiate sophistication and elegance.

### TRANSPORTING GRANDEUR

ABU FAS boasts an impressive collection of mirrors, including the largest mirror measuring a remarkable 1.5 x 6 meters.

The sheer size of this masterpiece presented a true challenge in both production and transportation. However, with meticulous planning and expertise, LIGHT4 successfully navigated these obstacles to deliver and install the mirrors with utmost precision.

The result is a grand display of reflective beauty that adds a sense of awe-inspiring grandeur to ABU FAS.

### AN OASIS OF REFINEMENT

Within the walls of ABU FAS, the bespoke mirrors serve as more than just reflective surfaces; they become portals to a world of refinement and elegance.

Each mirror captures the essence of the desert oasis, reflecting its grandeur and exuding an aura of luxury. They bring light, depth, and a sense of spaciousness to the palace, enhancing the overall ambiance and providing a captivating visual experience for all who behold them.
